CivicSense — Civic Complaint Intelligence

Weekly Civic Complaint Digest — August 05 – August 12, 2026
Generated 12 August 2026, 03:16

During August 05 – August 12, 2026, 116 citizen complaints were received and automatically processed. The dominant category was Roads (37 reports), followed by Waste Management (25), Electricity (20). Priority-wise, 43 complaints were High, 47 Medium and 26 Low. Recurring themes include: road, water, waste, river, bridge, garbage.

Ward-level highlights:
- Ward 3 recorded 23 complaints this week, predominantly roads (11 reports). 11 of them (48%) were flagged High Priority and need immediate attention.
- Ward 5 recorded 20 complaints this week, predominantly roads (8 reports). 9 of them (45%) were flagged High Priority and need immediate attention.
- Ward 2 recorded 14 complaints this week, predominantly roads (5 reports). 5 of them (36%) were flagged High Priority and need immediate attention.
- Ward 6 recorded 13 complaints this week, predominantly roads (4 reports). 4 of them (31%) were flagged High Priority and need immediate attention.
- Ward 8 recorded 11 complaints this week, predominantly public safety (4 reports). 4 of them (36%) were flagged High Priority and need immediate attention.

Resource allocation suggestion: prioritise Ward 3, the current hotspot for roads issues, and schedule preventive maintenance based on the recurring patterns above.

Metric	Value
Total complaints	116
High priority	43
Medium priority	47
Low priority	26
Roads category	37
Electricity category	20
Water Supply category	17
Waste Management category	25
